## FROM THE SVVA PRESIDENT

Welcome to the 38th year of Silicon Valley Open Studios!

We are excited to have a record number of artists participating this year — more than 375 at over 125 locations from Pacifica and South San Francisco to San Jose and Gilroy during the first three weekends of May.

Silicon Valley Open Studios is organized and presented by Silicon Valley Visual Arts (SVVA.ORG), a nonprofit, volunteer-run organization providing education, exhibition, and promotion for Bay Area artists.

Because of this year's increased turnout, we anticipate that a record number of visitors will take advantage of this opportunity to meet talented artists and become familiar with their artwork. Proceeds from artwork sales benefit the artists directly; Silicon Valley Visual Arts does not take a commission.

Visit [SVOS.org](http://SVOS.org) for additional information about participating artists and their art, for search tools to help you find artists of interest, and for an interactive map to help you plan your visits.

Many thanks to the volunteers, sponsors, and thousands of visitors and patrons who help support our artists and make Silicon Valley Open Studios possible.

We look forward to seeing you this May. Look for the yellow Open Studio signs!

Stephen Toll, President  
Silicon Valley Visual Arts

The Los Gatos Art Association (LGAA) is where artists converge to show and discuss their fine art, learn, grow, and make friends.

Our artists are beginner, intermediate, and professional level. Their media includes oils, watercolors, acrylics, pastels, sculpture, mixed-media, drawing, digital art, and more.

Display opportunities include our monthly online gallery, monthly in-person gallery and competition, juried competitions and exhibitions, and the Artist of the Year competition. Weekly Plein-Air paintouts, art demonstrations, and art field trips are some of the other popular features.
